"Biomechanical takes metal to absolute new heights. This is the best metal band to emerge in years!"  
10/10

[Explicitly Intense](#)

"Biomechanical is the ultimate amalgamation of everything that's been right about metal for the past 30 years... the next logical step in what metal should be"  
10/10

[LIVE FOR METAL](#)

"Imagine Judas Priests Painkiller, and a combination of Medulla Nocte and Pantera at their most brutal... and you are still not even close"

[KERRANG! MAGAZINE](#)

"Devastating debut from British metalsmiths"  
4/5

[METAL TEMPLE](#)

"bow before the next big thing in Metal music. Biomechanical is here to stay!"  
MASTERPIECE 5/5

[TERRORIZER](#)

"A superb work of modern metal"  
9/10

[ROCK SOUND](#)

"Fusing SYL's love of vocal dynamics with brutal twin guitars, concrete heavy drumming and touches of Dimmu Borgir's lavish synths, they're going to be your new favourite band"  
9/10

[Pyromusic.net](#)

"this English quintet has arrived with their own brand of metallic metal that perfectly straddles the divide between classic and modern styling... Believe me, 'Empires...' jarring metallic crunch has class stamped all over it."  
8.8/10

[THE GAUNTLET](#)

"Make way for the next wave of British heavy metal and be forewarned that Biomechanical are leading the charge to metal glory!"  
4.5/5

[CLASSIC ROCK](#)

"Biomechanical are simply a phenomenal band who deserve your immediate attention"  
8/10

[power-metal.co.uk](#)

"full film score metal action, screeching guitars, orchestration to blow you head off and vocals that are almost beyond description"

[blabbermouth.net](#)

"Now THIS is British Steel!"  
8.5

[roomthirteen.com](#)

"Biomechanical are probably one of the most original bands I have heard in the past five years"  
11/13

[metalforge.com](#)

"Biomechanical are truly something very special in today's world of metal"  
4.5/5

[blistering.com](#)

"Biomechanical are the future of metal"

[metal-rules.com](#)

"This is Metal...not Metalcore" 5/5 maximum score.

[ZERO TOLERANCE](#)

"This is the album to give to old school heavy metallers to convince them that modern heavy metal is still alive and very fucking well indeed"  
5/6
